

WEATHERL UPDATE NOVEMBER 2013

STANDING

I have been using a standing desk for the last few months. Besides the health benefits of standing verses sitting, It has reminded me of some key things in scripture.

Moses Exodus 17:8-13 Israel fighting against Amalek. When Moses arms were outstretched and he was standing/sitting while others held his arms up the battle belonged to Israel.

You are like Aaron and Hur who helped keep Moses's arms outstretched. We know that the battle belongs to the Lord but ultimately it is those alongside who are supporting those in the front. Thank you so much for your faithful support.

God also encourages us to be standing firm in the faith and standing for truth.

1Cor^{16:13} Stay alert, **stand** firm in the faith, show courage, be strong. (NET)

We are glad to be a part of standing with our coworkers in the tribal locations in seeing the gospel go out in their language. The first part of November Aaron was able to set aside his business office work to go to the Pal language group and help a missionary family remodel a house of a former missionary.

Last week we honored and said good bye to a couple who have faithfully served the Lord here in PNG for 60 years, and at the same time commissioned two families just heading out to start a new work.

It is so neat to see the Lord's faithfulness for all three of these families.

Rachel is doing well in Bible School and learning so much of who God is and how rich His word is. Micah was recently challenged in a retreat to grow in His word and has been showing a real desire to keep growing in that. Joel and Grace are growing up quickly. Joel has grown over 2 inches this year. After missing the first 3 weeks of school it took him and Micah nearly 6 weeks to get caught up. Now both are doing well in their studies. Grace really enjoys her classes and her teacher.

Erika has also been asked to be the parent representative on the school committee and it is a good learning curve for her. Pray for wisdom and insight as they work with all the little and big things that come up with the school and the student body.
